This modest inscription on a bronze tablet is set in a large boulder-monument which has been placed in Bridge Street cemetery, this city, to mark the last resting place of one of Northampton's earliest settlers, the progenitor of nearly all the Strongs now here, along with their co-relatives. John Strong was an elder in the old First church in its early years. Mr. Strong was a tanner by trade and owned a large tract which extended along Main Street from Old South Street to what is now New South Street at the Academy of Music. On that valuable frontage today are business blocks, Crafts Avenue, the city hall, Unitarian Church, Memorial hall, Main Street park and the Academy of Music.

When Rev. Sydney Strong of Seattle, a descendant, occupied the First Church pulpit here last summer, he found that no monument had been erected in memory of the progenitors of the Strong family. A few of us, he says, put our minds together, and the result is the boulder-monument. Miss Harriett J. Kneeland, Northampton, carried through the plan of setting and cutting the boulder and preparing the tablet, while her brother, Frederick N. Kneeland, secured the quartz boulder from

the hills of Chesterfield, in the Bisbee section of that town, from Mr. H.M. Pittsinger. At the cemetery it was set on a solid concrete foundation below the surface, the boulder standing about four feet above the ground.

"Descendants of Elder John Strong and Abigail Ford (numbering tens and tens of thousands) as they visit Northampton, Mass., may now see this boulder-monument in memory of their sturdy and excellent forebears," says Rev. Sydney Strong in the printed statement to those who contributed toward the project. "The Clapps, Lymans and Cooks will also be interested in the name of Thomas Ford, whose daughters were the women-founders of these illustrious American families. I predict that many reunions will be held about this rock, as the decades and centuries pass and increasingly as automobiles and aeroplanes multiply."

In raising money toward the expense of the boulder-monument, Rev. Mr. Strong says, "I had the pleasure of passing the hat." He lists the contributors and their addresses as follows: From Northampton, Maud Strong, Adeline Strong, Imogene Prindle, F.N. Kneeland, Robert Strong Kneeland, Annie Kneeland Hemenway, Gertrude Brewster; from Easthampton, Mrs. Charles H. Johnson; from Evanston, ILL, Mrs. Albert D. Sanders; from Strongsville picnic collection; from Bowling Green, Ohio, Timothy Strong; from Chippewa Lake, Ohio, Frank Strong; from Toledo, Ohio, Lyman Spitzer, A.L. Spitzer, Carl Spitzer; from Seattle, Wash., Anna Louise Strong, Sidney Strong; from Oshkosh, Wisc., Isabelle Strong Allen; from New York City, George W. Hinman; from Bridgeport, Conn., Frederick A. Strong; from St. Petersburg, Fla., Eva Strong Messinger; from Boston, William E. Strong; from Pasadena, Calif., Arthur Strong; from Port Dodge, Iowa, Albert Strong; from Land of Goshen, KY, Helen Strong Belknap; from Geneva, Switzerland, Tracy Strong; from Oakland, Calif., Ruth Strong Niederhauser, Sidney and John Strong Niederhauser; from Hartford, Conn, Katherine S. Day.

Regarding the genealogy of the Strong family, Rev. Sydney Strong gives the following brief highlights on Elder John Strong, Abigail Ford and Thomas Ford. "According to B.W. Dwight's History of the Strong Family, John Strong was the first Strong in America and was the progenitor of nearly all the Strongs now here, along with co-relatives. According to Governor Caleb Strong, whose statement Dwight quotes in full, Vol. 1. page XXVI, XXVII, John Strong came on the "Mary and John" in 1630 and married Abigail Ford in 1635 or 1636. Some genealogists place his coming as late as 1635. I may say that aided by the splendid New England library, I have gone over the evidence, and believe that Governor Strong's statement that John Strong came on the "Mary and John" will stand.

"Thomas Ford, whose name is on this monument, was a man of force and character. Three other daughters married Roger Clapp, Richard Lyman and Aaron Cook---progenitors of distinguished American families. John Strong and Abigail Ford had a family of 15 or 16 children. Before he died in 1699 there were about him 150 descendants. He was in or near the beginnings of Dorchester, Hingham, Taunton, Mass. and Windsor, Conn. About 1660, he and Abigail settled in Northampton, Mass. He was there the first ruling elder--- and for nearly 40 years, until his death in 1699."

In addition, the Colonial Daughters of the 17th Century have also placed a marker at the site.

AIMS AND OBJECTIVES

Promote the recognition of our heritage.
Provide a means of learning more of our forebears.
Promote friendships among the diverse Strong family.
Obtain and/or preserve artifacts of our heritage.
Pass on all of the above to succeeding generations.

THE FORMATION

On the weekend of August 10, 1975, seventy five Strongs, those related to a Strong or some just interested in Strong genealogy met at the historic First Parish Church in Dorchester, MA to form the Strong Family Association of America, Incorporated (SFAA). Strongs and Strong related families came from as far away as California and as near as Boston.

The above meeting came about through the close working relationship between Jarvis A. Strong, Jr., then of Reston, VA and Dwight S. Strong of Boston, MA. In 1974 Jarvis decided to reprint his copy of Benjamin W. Dwight's (1871) The History of the Descendants of Elder John Strong of Northampton, Mass. (The History of the Strong Family) which he had inherited from his grandfather, Benjamin T. Strong. This book in two volumes is a 1,600 page listing of information on the descendants of Elder John Strong, other lines of Strongs that Dwight could not connect to Elder John Strong, listings of graduates of colleges, authors and artists, missionaries to foreign lands, members of state and federal legislatures, judges of courts, soldiers of the Army and Navy and other notables and a short history of Northampton, MA and Elder John Strong. Jarvis sent out about 7,000 promotional letters to Strongs (most addresses obtained from the Library of Congress telephone books), libraries and genealogical organizations. From this he obtained more than 300 advance orders and, most important, a list of Strongs interested in their heritage. One of the recipients was Dwight S. Strong of Boston, MA. With much correspondence and many telephone calls between Jarvis and Dwight, it was decided to have a meeting of Strongs in Dorchester, MA to form a Strong family organization. Letters of notification and two pre-SFAA Newsletters were sent to the list of interested Strongs made up by Jarvis. This resulted in the attendance at the August 10, 1975 formation meeting.

The group, gathered at the First Parish Church in Dorchester, MA, decided to form the Strong Family Association of America and split up into smaller groups to report back on organizational matters. The following was accomplished:

1. By-Laws were formulated to govern the organization. Except for some small changes to conform to Internal Revenue Service requirements for a non-profit organization and the addition of District Directors, the current SFAA by-laws are essentially the same as those first voted on and approved.
2. Nine directors were elected with staggered terms to run the organization under the guidance of the SFAA members.
3. SFAA Officers were elected: A President, Vice President, Secretary, Treasurer, Newsletter Editor and Historian to run the SFAA under the guidance of the directors. Additional officers and committees have been authorized by the directors over the years to keep up with an expanding membership and to meet the genealogical needs of the members. Most of the added current officers are Associate Historians needed to divide up the tasks of the Strong Update Program.
4. Adopted the policies to:
   Publish a SFAA Newsletter three times a year. In 1984 this policy was changed to issuing the Newsletters four times a year, March, June, October and November. This was to accommodate dissemination of all the material generated at the August National Meetings.

Conduct an SFAA Annual National Members' Meeting each year on the second or third weekend in August with the location selected by the SFAA Directors.

Here are the Annual Meetings that have been held or are scheduled:

5. And we, one and all, simply had a wonderful time meeting other Strongs that were interested in their heritage. This has brought about many lasting friendships of Strong relatives which continue to this day.

INTERMEDIATE YEARS

August 14, 1975 - The Strong Family Association of America was incorporated in the Commonwealth of Massachusetts by the Secretary of the Commonwealth in accordance with Chapter 180 of the Massachusetts general laws as a non-profit organization. This conveniently brings the SFAA under the laws and protection of the Commonwealth of Massachusetts.

October 13, 1976 - The Strong Family Association of America, Inc., was recognized by the Federal Internal Revenue Service as a non-profit organization in accordance with Section 501(c)(3) of the Code. This effectively defines the tax status of the SFAA and provides the tax status of gifts to the SFAA.

August 20, 1977 - The SFAA Crest and Motto:

The Strong Family Association Coat of Arms (The Strong Crest) was approved by the SFAA Directors at the SFAA Annual National Members' Meeting in August 1977 as the official Strong Family Association Coat of Arms (Crest). This came about after much research into the background by several of the more knowledgeable SFAA members. From this information, a young SFAA member artist, James Horner Strong of Arlington, MA painted this crest which was subsequently approved by the SFAA Directors. The animal in the SFAA Crest is a wyvern or eagle. Most American references list it as an eagle. It bears a close resemblance to the animal in the Taunton City, Somerset, England crest which is a wyvern. Make your own choice.

The Latin motto, "Tentanda Via Est" was approved by the SFAA Directors to be the SFAA motto with the translation to be: "The way is to be tried".

In fairness to facts, it is pointed out that none of the research data showed any proof that this crest or any others reviewed were the crest of Elder John Strong.

In 1985 the SFAA was issued a "Trademark" for the crest by the U.S. Department of Commerce, Patent and Trademark Office to prevent the unauthorized use of the Strong Family Association Crest.

August 19, 1979 - THE SFAA UPDATE PROGRAM:

At the Amherst Annual National Members' Meeting it was proposed and passed by the SFAA membership to initiate a project, the update of Benjamin Dwight's (1871) History of the Strong Family in the 1980's. No direction was given as to how this gigantic project could be accomplished.

The SFAA officers and directors talked about how to accomplish this task with little effective consensus. After several ineffective starts, the SFAA Directors at the National Meeting in Washington, D.C. in 1983 agreed to expand the number of Associate Historians for lines of Strongs from Elder John Strong and other Strong lines to spread the workload. Daniel C. Strong had previously been appointed the Associate Historian for the Samuel line from Elder John Strong. Jarvis and Daniel C. Strong had recognized this need before the Washington meeting and took aggressive steps to obtain volunteers for all the remaining lines from Elder John Strong and other Strong lines after the meeting. It took several years to obtain competent volunteers for all lines but this policy remains in effect to this day. See listing of Associate Historians later in this section. Several Associate Historians have been appointed for other lines, examples being the Irish/Scottish lines and the Southern Strong Lines. Other Associate Historians have been appointed to obtain the maximum of other Strong information such as Early Strongs in England and Wales and an "Unknown" lines Associate Historian for those who just don't know their line but would like to find out.

The schedule for obtaining and printing the material has been established. Original estimates called for four volumes of about eight hundred pages each.

THE FIRST BOOK, Volume I, the Jedediah Line from Elder John Strong, contains 1,162 pages, more than 35,000 names and was published in July 1989. This hardbound book matches the original genealogical publication. Lyle A. Strong, SFAA Associate Historian for this book is surely commended for compiling the genealogical material from so many people.

Approximately seven hundred copies were delivered by the publisher, Gateway Press of Baltimore, MD in July 1989.

Sales at $50.00 - postpaid - ($45.00 to SFAA Members) are in process. Mary Topel, with her commitment completed, has been replaced as SFAA Book Sales Coordinator by Harold Strong of Owego, NY.

THE SECOND BOOK, Volume II, the Thomas Line from Elder John Strong, was published in June 1990. The cut off date for new material to the Thomas Line Associate Historian, Robert Sheldon Strong was August 1989. This volume is the approximate size of Volume I and matches it in appearance and quality. Price for this volume is $53.00 - postpaid - ($48.00 to SFAA Members).

SALES, - Limited quantities of the above two books are currently (in 1990) available from Harold Strong, R.D.4, Box 4492, Owego, NY 13827.

THE THIRD and FOURTH BOOKS, Volumes III and Volume IV:

At the August 1989 Annual National Members's Meeting, it was agreed by the SFAA Update Program Plan Committee and concurred in by the SFAA Directors to delay the scheduling decisions on Volume III and IV until August 1990. Likely Volume III will follow the schedule of Volume II being two years later. The contents of these books will contain all the genealogical material produced by the remaining SFAA Associate Historians to complete the SFAA Update Program.

Jarvis Strong sold out his first reprint of Dwight's (1871) History of the Strong Family in 1979 and has reprinted this Book Set in 1984 to support the SFAA Update Program. Sufficient copies of the Strong Book Set are still available directly from Jarvis. Both reprint projects are non-profit. If any profit is made from these reprint projects, it will be given to the SFAA.

The SFAA Corrections Program: In conjunction with the SFAA Update Program, the SFAA appointed Jarvis A. Strong, Jr. as the Project Coordinator, SFAA Corrections Program for the Dwight Book Set. Benjamin Dwight in his 1871 Strong Book put in a NOTICE that anyone finding mistakes in his book should send them to him so that they could be "readily rectified" in a supplement. Now in over 100 years, the supplement is being issued. Also, over the years, a number of writers and speakers have alluded to the mistakes in the Dwight Books. The mistakes/differences have been collected and the number received has been surprisingly small. Also, the material presented by Martha Strong herein supersedes and updates the material presented by Dwight and that contained in the Jedediah volume. The remaining error/correction material will be included in the text and errata of each appropriate update volume.

TODAY and TOMORROW

The Strong Family Association of America has become a vibrant family genealogical organization.

The SFAA has:

- More than 700 members including family members.
- Members residing in 47 of our American states, with several in Canada and some at APO addresses.
- Membership which continues to climb year by year.
- Joined the computer age with an IBM PC/AT in the custody of the SFAA Historian. The Historian has just started processing the Strong genealogical information onto the computer.
- A Strong genealogical library. The SFAA Historian has established the most complete library of Strong books, books that reference Strong genealogy and much other written material on Strongs.
- The "experts" on Strong history and genealogy with the SFAA Associate Historians specializing.
- An active group of officers, directors and members who spend untold hours of time and effort to help each other and newly found Strongs with all the detailed administration matters and necessary genealogical research.

The above information was prepared by Jarvis A. Strong, Jr. who has been the very active President of the Strong Family Association since the organization was founded in 1975.

ABOUT THIS BOOK

This book is an update of some of the descendants of Thomas Strong, son of Elder John Strong. It is intended to be an extension of the book, The History Of The Strong Family authored and published by Rev. Benjamin Dwight in 1871. Its purpose is to record as many as possible of the descendants of Thomas Strong from the point in time Dwight left them in 1871 to the present day. This volume, although large in size, records only a small percentage of those persons' descendants last noted in the Dwight volumes. It is indeed a fantasy to imagine the size and magnitude of such an endeavor if all the potential families could be recorded.

This Thomas Strong update represents the efforts of hundreds of people from all over the United States and in many foreign countries. These people for the large part are members of the Strong Family Association of America, their friends, relatives and other interested people of Strong descent who have contributed to this project. Their work often is an accumulation of family records carefully and lovingly handed down through several generations. Some family records are excellently prepared and reflect the work of many years of careful record keeping. After being recorded, each person's submission was returned to them for their review and editing which was a valuable tool in reducing errors. The SFAA makes no claims as to the validity of the submitted material and the documentation rests solely with those who submitted the information. The SFAA Associate Historian has tried, however, to accurately compile, record, edit, and proof what is presented.

Special recognition must be given those persons who have contributed extensively and have devoted countless hours and monies gathering information on their and other family members' lines. Their descendants will be most appreciative. The notation at the end of each update section reflects those most responsible for the submission of material in that section.

THE FORMAT

This work is unique in that it is a continuation of an existing chronicle and that the ability to flow from the original volumes to this update and back was a primary concern. This has been accomplished by using the name and individual identification number as assigned by Rev. Dwight in 1871. This name and number was then updated to the present time with their known descendants by the person(s) contributing the data.

We have attempted to maintain the original Dwight appearance and mannerisms. However, recognizing the difficulties one encountered in searching through those volumes we have hopefully simplified the exercise by setting up this update on a generation basis. Each person or persons are listed in the generation to which they belong in relation to Elder John as being the first generation.

Each family is formatted similar to Dwight showing the birth, death, marriage, burial, occupation, military duties, place of residence, biography, etc. Each child is given a number. If there is a plus sign (+) ahead of a child's number, it indicates there is more information available on the child in the next generation and only his birth and death dates are shown here. One may locate him in the next generation under his assigned number. If no (+) sign is evident, then all the data that relates to him is shown here and nothing more will be found in the next generation. Conversely, immediately after the subject's name is found the name of the parent followed by his/her ID number. This number will allow easy access to his location when listed as a child.

Realizing most people may not have a copy or have access to Rev. Dwight's History Of The Strong Family, the reader is provided with a listing of the ancestors of each updated person at the onset of each update.

NUMBERING SYSTEM

Each update (or section) is provided with the identification number (four or five digits) that was assigned by Benjamin Dwight in 1871 to an individual and appears at the top of each page along with the individual's name and page number where they can be found in the 1871 volumes. Occasionally there are additional Dwight numbers in a section other than that listed at the top of the page and this is, of course, additional children that Dwight listed. In order to avoid confusion, all these children will be continued under their parents' assigned Dwight number but are however, listed with their own Dwight assigned numbers in the index.

Each child is given an identification number assigned in numerical ascending order starting with #1. If the child has a family of his own or there is further information concerning the child (as indicated by a + sign) then this number will be continued in the next generation and will be preceded by a generation number. This number is the generation of the individual in relation to Elder John Strong, which is the first (or #1) generation in this country. For an example, a number, 7-8700-37 would mean a 7th generation descendant of Elder John Strong. The 8700 would indicate a descendant of Lydia Strong as listed in the Dwight volumes and the 37 is simply an assigned I.D. number. The 8700 number however, is only shown at the top of the page and with the first listing.

NOTES

In each family grouping a statement such as Flint, Genesee, MI is meant to read Flint (city or township), Genesee (county), MI (state). This statement is usually found in the earlier generations as an aid in pinpointing locations when most births, deaths, etc. happened in rural areas. In recent generations the county name is dropped and Flint, MI refers to a city and state as nearly all of the above statistics occur in cities. Once a city and state are noted in a family grouping, each subsequent mention of the city will not repeat the state since it has been previously identified.

ERROR SECTION

At the end of the update sections is a listing of some of the errors that are evident in the Thomas section of Volume I of Dwight. No effort has been made to suggest any corrections other than those that are obvious or that have been documented.

INDEX

Each person listed in the update is included in the index. Females are listed under their maiden name and also under their married name. An explanation of the index format may be found at the front of that section.

REFLECTIONS

The work on the Thomas line update was begun by the compiler, Robert S. Strong, in 1986 when he received a rather substantial number of Family Group Sheets from Daniel Strong, the SFAA Historian. The information on these FGS was compiled from the data which had been accumulated by the SFAA's previous Historian, Ruth Cummings, and sent to Daniel Strong when he assumed the Historian duties. Daniel assembled the data, typed it on the Family Group Sheets and sorted it with respect to the different children of Elder John Strong. He then sent copies of

these FGS to the appropriate Associate Historian whose responsibility was to compile the update. At this time, the first letters to the people that had sent in the data and others were written by the author. Unfortunately, many have declined to answer letters sent to them.

Information was received on some updates from several different people, each adding to their initial data from time to time as information was sent to them by other family members. If it happened that descendant data from several siblings of a particular family was submitted, an effort was made to include all this information in one section of this update, thereby keeping all the descendants of various uncles and aunts, etc., together in one section. There may be a few instances that this procedure was not followed, but they are the exceptions. Update information was often received on the same person from widely scattered and distant relatives. At times, this information was not always consistent from the several contributors with names, dates, etc., often differing. Such was the lot of the author to try and sort it all out.

It was decided to published the second volume as soon as possible after the Jedediah book became available in July of 1989. The Thomas book was chosen as the second book in this series as the volume of data was approaching that of the Jedediah book. A cut off date for the submission of material was established at August, 1989 in order to meet a publication date of June 1990.

A computer has been used from the onset to insert and manage the material as it was received. It is difficult to imagine how a task such as this could be accomplished over a period of time without the aid of a computer. All the material for this update has been produced on a computer and inkjet printer. The completed pages were forwarded to the publisher for sizing, printing, binding, etc.

INTRODUCTION

In 1871, Benjamin W. Dwight authored and published THE HISTORY OF THE STRONG FAMILY. The intervening years have uncovered information, both here and in England, regarding Elder John Strong and the Strong family that was not accessible to Mr. Dwight and some of this information is in conflict to that which was recorded by him in 1871.

The purpose of this section is to amend that previous Dwight data and to note and record some of the more pertinent additional facts for those interested in the Strong family and its beginnings. Research is a continuing function of the SFAA and when supplementary information is discovered, it will be published in later volumes of the SFAA update series. This additional information is derived from a wide range of sources* and is enumerated here under the following sub titles:

Origin of the name of Strong.
The Estrange Family
Ancestry of Elder John Strong.
Elder John Strong coming to America (1630).
Elder John Strong coming to America (1635).
Walter Dean family.
Thomas Ford family.

ORIGIN OF THE NAME STRONG

1. In the publication, A Concise Anglo-Saxon Dictionary by John Clarke Hall (pub. Cambridge Univ. Press, London 1975), the name STRONG is stated as having originated from STRANG. The name STRANG was previously STRANGE and meant stranger. In Old French this was ESTRANGE.

2. The publication, A Middle English Dictionary (12-15th Century), by Frances H. Stratman, (pub. Oxford Univ. Press, 1978) lists the name as previously STRANG, which, in turn was previously STRAUNGE, STRONGE, AND ESTRANGE - in each case meaning foreigner.

3. The Oxford English Dictionary (History of the English Language by The Philosophical Society, Vol. 1978) lists STRONG as having previously been STRANG, STRANGE, STRENGER, and in Old French, ESTRANGE, meaning "from another country" (Source 1-3, Dr. Charles Goshen).

THE ESTRANGE FAMILY

Although we have no conclusive proof that our family is descendant of the ESTRANGE family, there is enough circumstantial evidence that bears further research and is presented for that purpose.

The first person of that name in England was Rolad Lestrange. He was a tenant of Alan FitzFladd, Hereditary Steward of the Lords of Dol in Brittany. Rolad L'Estrange was married to Maud de Hunstanton, daughter of Ralph de Hunstanton, (son of Herlewin de Hunstanton and Helewise de Plaiz, daughter of Hugh de Plaiz, of Bernham, Suffolk, England).

Rolad Lestrange was called the Duke of Bretaigne in an account of a joust held in the Peke of Derbyshire, at Castle Peverell. He died before 1158.

His children:
1. John Lestrange I
2. Hamon Lestrange
3. Guy Lestrange
4. Ralph Lestrange

The Lestrange family became Barons of Knokyn, Salop, (Shropshire) England. John Lestrange V was summoned to

Parliament, September 26, 1299 and became Lord Strange. John Lestrange V was named in writs as "John Lestraunge de Knokyn. In a letter to the Pope he was described as Johannes Lestraunge dominus de Knokyn or Johannes le Straungge. In researching this family, the name is consistently changed to Straunge.

4. In the A GENEALOGICAL and HERALDIC HISTORY of the LANDED GENTRY of GREAT BRITAIN and IRELAND, by Sir Bernard Burke, CB, LL.D., Vol I, 1871, the name STRONGE is stated as being "a corruption from STRAUNGE or STORANGE.

In the Strong family, some name changes are already evident. Elder John's father, John was named Stronge as was his grandfather, George Stronge. In one record, we see George Strounge --- mentioned as a witness to the will of Joanne Domett of Chardstock, dated May 10, 1620 proved October 13, 1620 (Abstracts of Wills in Prerogative Court of Canterbury at Somerset House, London, 1904, in Register Soame, 1620, edited by J. Henry Lea, Pub by NEHGR, "Strong Men and Strong Women, by Jeanne Waters Strong). Through George's son, Thomas Stronge the name was kept Stronge until 1706. The progressions are:

George Stronge
Thomas Stronge
Rev. James Stronge - b. 1618
Melancthon Stronge - b. 1650
Melancthon Stronge - b.c1686
Melancthon Strong - b. 1706

ELDER JOHN STRONG - ARRIVAL IN AMERICA (1630)

Ship "Mary & John", Capt. Squeb, Master.
Mar 20, 1630 - Plymouth.
Landed - Nantasket, Massachusetts, May 20, 1630.

1629 England - "the organizers of the Massachusetts Bay Company began to gather together the 1500 emigrants who were to sail to New England in the fourteen ships of the great 'Winthrop Fleet'. Rev. John White concentrated his efforts on gathering and organizing a group of people from southwestern England, from the shires of Dorset, Somerset and Devon. These people were to become the passengers of the first ship to sail in 1630, the 'Mary and John'." (Search for the Passengers of the Mary & John 1630, Vol I by Burton Spear).

ELDER JOHN STRONG - ARRIVAL IN AMERICA (1635)

Ship "Hopewell", John Driver, Master for Massachusetts Bay of New England.
May 8, 1635 - Weymouth.
"Jon Stronge for himself and family, and goods."
(Book #58B, entitled "Index of Ships and Passengers to the American Colonies", Excheguer K.R. 1618-1668 copied from Port Book E 190/876/1, Strong Family Newsletter, Jeanne Waters Strong).

Strong Family tradition, based on the account written by Governor Caleb Strong in 1777, maintains that Elder John Strong

was a passenger on the ship "Mary and John" in 1630. James Savage, in "Genealogical Dictionary of the First Settlers of New England", 1860," discounts Elder John Strong having come on the 'Mary and John'. "Although Savage was correct in concluding John Strong did not come on the "Mary and John" in 1630, with his first wife and children, it has not been proven he did not come in 1630, as a youth. A number of young men of the "Mary and John" returned to England, including, Humphrey Pinney, Jonathan Gillett and Stephen Terry, the latter two to marry." (Search for the Passengers of the Mary & John, Vol 2, by Burton Spears).

Rev. Sydney Strong in the Hampshire Daily Gazette, April 5, 1934, Northampton, MA has this to say, "Considering the community, the character of the people involved, their close and intimate relations, it is not possible for me to conceive how an idea like John Strong coming in 1630, with Warham, etc. could get into the mind of Gov. Strong, unless it was a fact. There were people in Northampton for 100 years who would be able to correct a story that John Strong came in 1630, with the Mary & John company, if it weren't true." (Search for the Passengers of the Mary & John, Vol 2, by Burton Spear).

Elder John lived in Hingham, 1635, Taunton 1638, Windsor, CT 1646 and Northampton, 1659. John Strong, Walter and John Deane were admitted freemen of the Plymouth Colony, December 4, 1638.

Margerie Deane Strong and infant died about 1635, at Hingham or Taunton, MA.

"In the early days the parish church of Chard, St. Mary the Virgin, had in South Chard a 'CHAPEL OF EASE', which later became the property of William Deane, and which he left to his daughter Susan in his will of 1634. Walter Deane, a brother of Margerie Deane Strong, in 1691 acted under power of attorney from his brother, John Strong.

NOTE: A large part of the early settlers of Taunton, Massachusetts, were from Taunton, Somerset, England and vicinity. In a document signed by Walter Deane and others they stated that the place was called Taunton, 'in honor and love of our dear native country'.
Taunton and Chard in Somersetshire are situated in the broad and fertile valley of the River Tone called Taunton Deane." (John B. Threlfall).

Thomas Ford resided in Bridport, Dorset, England in 1619. In 1623, he was residing in Dorchester, Dorset, England. Thomas and Elizabeth were members of Holy Trinity Church, whose rector was Rev. John White, who has been called "Founder of Massachusetts."

Rev. White in 1629 wrote to Governor Endicott, "to appoint places of habitation for sixty families out of Dorsetshire which were to arrive the following spring." A meeting was held on October 15, 1629, "at the Deputyes House". Twenty five members of the council which financed the emigrants were there and "Mr. Forde, wth divers others of the genalitie."

This meeting was arranged so that the finance company would benefit for seven years by the shipping of furs. The government of the colony was to be placed into the hands of Gov. John Winthrop in New England.

Thomas and his family came on the ship "Mary and John". At the time of his passage the cost was 5 pounds per adult, 10 pounds per horse, 3 pounds per ton of freight.

THOMAS FORD IN AMERICA

Thomas requested admission as a freeman on October 19, 1630 and took the freeman oath, May 18, 1631, Dorchester, Massachusetts.

On April 3, 1633 in the Dorchester records, "It is agreed

that a doble rayle with morteses in the posts, of 10 foote distance one from the other, shall be set up on the marish.... by the owners of the Cowes vnder named, p'portionally. 20 foote to every cowe." Thomas Forde owned two cows.

The last record of Thomas in Dorchester was Jul 5, 1636. He removed to Windsor, Connecticut c.1636/37. In 1637 he was one of four men who purchased a large tract from Sachem Tehano, which now includes Windsor Locks, the northern third of Windsor and the southern part of Suffield. Thomas also was granted fifty acres in Simsbury. He was granted land in 1637 near Sandy Road, which was returned to the town in 1642. He purchased the house and land of Thomas Thornton in 1640.

In February of 1639/40 George Hull, "moved the Court in behalf of Thomas Ford of Windsor, that in regard the workmen are much taken up and emplyed in making a bridge and a meetinghouse with them, and his work hindered of impaling in the ground which was granted him by the Court for a hog-park, that there may be granted him a year longer time for the fencing it in; which was upon the reasons aforesaid, condescended to."

His public service in Windsor included: Deputy to the General Court 1637-40, 1644, 1654. He served on fourteen juries between 1641-49, and grand juries in 1643 and 1662. Thomas was chosen Constable along with his son-in-law, John Strong in February, 1654/55.

Upon his marriage to Ann in 1644, Thomas removed to Hartford, Connecticut. There he established an "Ordinary", as accommodations for strangers passing through, in the Scott House which was located on the southwest corner of State and Front streets.

In the diary of John Winthrop the following entry is recorded, "reached the inn of Thomas Ford at Hartford", November 17, 1645. The inn was sold to Thomas Cadwell in 1652.

Thomas went back to Windsor about this time. In 1656 he purchased the homelot of William Hosford. He bought the Arthur Williams house and lot in 1658/59. In 1667 Thomas helped settle the estate of Nicholas Denslow, in 1669, Elizabeth Denslow's estate and in April 1670 he inventoried the estate of Rev. John Wareham.

In John Winthrop's medical diary in 1668 there is mention of, "Old Thomas Ford of Windsor."

Thomas removed to Northampton, Massachusetts before 1672 where he spent the rest of his life.****

9-48. SUSAN R. BROOKS, d/o Mary Antoinette Rollo #26, b. Feb 19, 1842 in Ypsilanti, MI, d. Jul 6, 1851 in New York City. This very talented and brilliant child is the subject of the book "The Grafted Bud, A Memoir of Angelica Irene Hawes" by Mrs. A.H. Hawes, 1853. It tells of her kidnapping by her father at the age of two and being taken to the Upper Peninsula of Michigan where after being left for two years in boarding homes, impressed Mrs. Hawes so much that she asked to adopt her and take her to New York City where her musical and artistic talents could be developed. She is said to have inherited her musical ability from her great grandfather, John Hall Rollo, whose choral arrangements the contributor had copied from old Presbyterian hymnals. Susan died of scarlet fever, always believing her mother had died. None of her grandfather Rollo's efforts could persuade Mrs. Hawes to return her to her mother and the wilderness of Michigan. A photo copy of this book was made by the Library of Congress and since there is so much description of early Michigan, a copy of this was requested by the Michigan State Library.

Dec 14, 1898 in Hepler, MT, MARY EMILY (EMMA) FOX, d/o Presley Briant and Frances Caroline (Mason) Fox, b. May 21, 1875 in Cana, Canada. He was an expert horseman, being "raised on a horse" and a prime example of a Montana Cowboy. He held numerous jobs during his life, driving freight wagon teams, supervising roundups, working for a livery stable and even driving a hearse for awhile in Great Falls, MT. He went to Fort Shaw, and for two or three years, when the Reclamation District was formed to convert rangeland into farmland by irrigation, worked as foreman of the teams of horses used in the construction. During this time his family lived in Sun River. Emma related that Albert courted her for quite a long time before they married. When he delayed "popping the question" Emma went to a dance with another gentleman. Albert immediately came to the dance and demanded Emma, "get your coat" and took her home. They were married shortly thereafter.

In 1913 Albert moved his family to the big "Floweree Sheep and Horse Co. Ranch" where he worked as a laborer. When he moved his family to the Floweree ("F") Ranch, they stored all their belongings except their clothes and bedding over a store and saloon in Sun River. The whole street burned and the family lost everything. They moved to "Grimes" and the sheep end of the ranch and Emma cooked for the shearers. Young Bert and Grace peeled "spuds" and watched baby brother Vernon. Grace relates that they had to stand on boxes and washed and dried dishes for 50 men. Albert remained there until 1914 when Emma moved to Big Pine, CA. There he joined her there about six months later, however they all returned to Montana by Christmas 1916. Albert returned to the Floweree Ranch where he was sent to Lewistown to take charge of the horses that were on leased land and open range. During this time the family lived in two tents, one to sleep in, and one to cook in. Albert was responsible for about 5000 horses at that time, and they had been driven to Lewistown in 1914 because of a shortage of feed due to a drought on the home range. To say Albert was a cowboy, meant he was a stockman, not a rodeo cowboy.

In June 1916, Albert, along with his son Bert, a cook and two other men, trailed about 2000 horses from near Lewiston to about 160 miles back to Lowery, which was the ranch headquarters. The horses fed on the prairie. At that time, horses brought between $600 and $800 apiece and were quite valuable.

Albert then became head foreman of the ranch and stayed there until 1926 when the ranch changed hands. He worked on various smaller ranches for a short time and then drove a school bus at

Simms, MT where they were living. In 1923, Emma operated the telephone exchange at Simms which included the house in which they lived. She worked at this until 1933. After Albert's mothers death in 1935, they moved to Sun River to live in his parents' home and he continued to drive the school bus until his death in 1942. Emma then sold the house and moved to Great Falls, MT for a short time. About 1943/44 she moved to California and lived with her mother, Caroline Fox. After her mother died, she lived near her son for a time. She spent the last two years of her life in a retirement home in Paradise, CA. Both Albert and Emma are buried in Sun River, MT.

John had children Lydia and Sophia by his first wife, Freelove. Sophia and John lived in a house that was originally a fort built by Ethan Allen's Green Mountain Boys during the "trouble with the Yorkers". It was constructed of huge logs, all squared and put together with pegs. A few years ago, it was dismantled, marked carefully, and moved from Tinmouth to Rupert Mountain where it is a summer home. One of Sophia's sons fathered an illegitimate child after the death of John. Sophia mortgaged the farm (valued at $5000) and gave the young woman money to go away and start a new life. She took the child in and raised it with her grandchildren. In her later years, she had stomach problems and her doctor ordered her to smoke a pipe to help relieve the pain. The children used to argue which one would get a coal from the fire to light her "granny's pipe".

ABOUT THE INDEX

This index consists of two sections. The first section indexes those individuals with the surname Strong and the second and largest section lists the surnames of all others. It is displayed by surname in alphabetical order followed by the first and middle name or the initial of the individual. The group of five digits that follows the name, references the Dwight assigned number and the last entry is the page number on which the person can be found. Multiple page numbers indicate the varied location of people of the same name and are separated by a dash (-) or a comma (,). The dash separates consecutively numbered pages, all on which this name may be found. The comma separates non-consecutive page numbers on which this name appears. The asterisk (*) that follows the female names, signifies that this is a married surname and the maiden name will be listed elsewhere in this index.

Multiple marriage surnames are also included. Spouse's parents, foster and step-children are not indexed and do not have an identification number but can be found, when known, listed in the family history area of each family. Since this update is a continuation of an existing work, the index lists the Dwight numbers so that individuals may be traced back to the Dwight volumes. As there may be several individuals having the same first and last name, these numbers are often helpful in searching for a specific person. Surnames beginning with a capital letter followed by a lower case letter and then another capital letter, such as McD..., LeD..., or DeD..., etc., are found at the end of the letter section in which they belong.
